

The Lemcol range of materials handling equipment has been designed and manufactured to provide high quality, low maintenance products suitable for factory and general use. They reduce the physical effort involved in many manual handling operations and improve efficiency, as well as provide a safer working environment.

Lemcol Drum Rack

This sturdy built rack has been designed to facilitate convenient, safe and efficient stowage of drums and barrels for decanting.

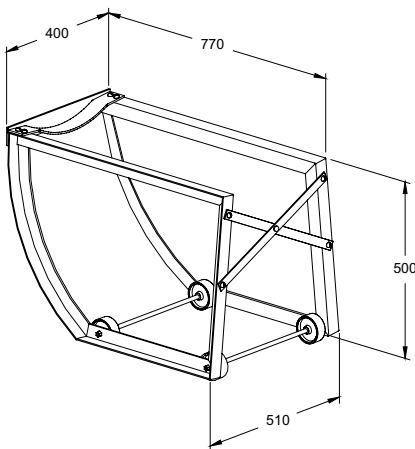

Taking the backbreaking work out of drum handling, they are indispensable in garages, warehouses and factories.

A standard Lemcol 75mm nylon wheel is used for ease of replacement.

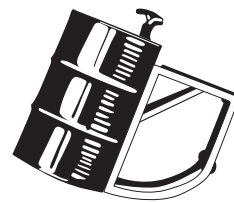

12 Month Warranty:

This range carries our standard 12 month warranty against faulty workmanship and materials, and is backed by a service and parts network Australia wide.

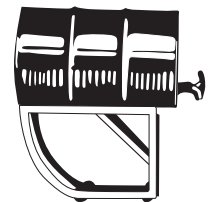

DRUM RACK				Dimensions in mm				
Length (mm)	Base Width (mm)	Top Width (mm)	Top Rail Height (mm)	Bung Height (mm)	Wheel Model No.	Wheel Dia. (mm)	Model Number	Product Code
770	510	400	500	560	L3400N	75	L30	04921402

1. Simply wheel the cradle to the drum, up-end rack and slightly tilt drum to engage cradle lip with drum rim.

2. An easy push starts drum and cradle back to horizontal position.

3. The drum can now be wheeled to the required position for decanting or storage.
